*M*oving up from middle school to high school is every student's dream. But as they reach high school all of their feelings, goals and aspirations change. Many teenagers enter high school with the thought of enjoying an easy four years, but but reality hits them when they actually enter the school building.

It begins with passing through the hallways feeling frightened and vulnerable. As ninth graders we stared at classroom numbers hoping that the room we were seeking was just around the corner. We cowered in fear with the thought of requesting information from a passing student, or teacher, even though we were running late to our next class.

LOSING AT THE PAST.....
PREPARING FOR THE FUTURE

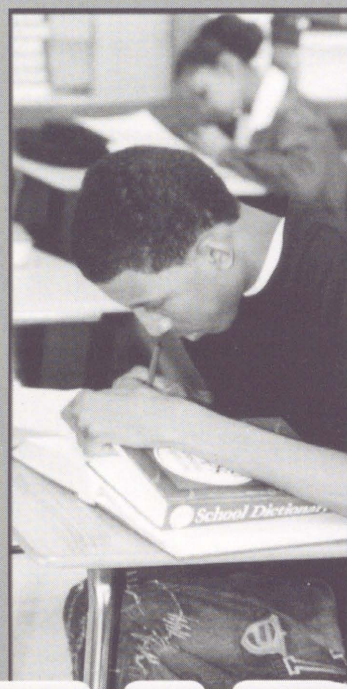

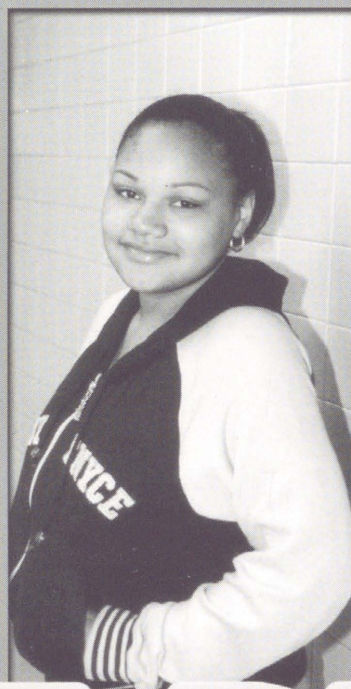

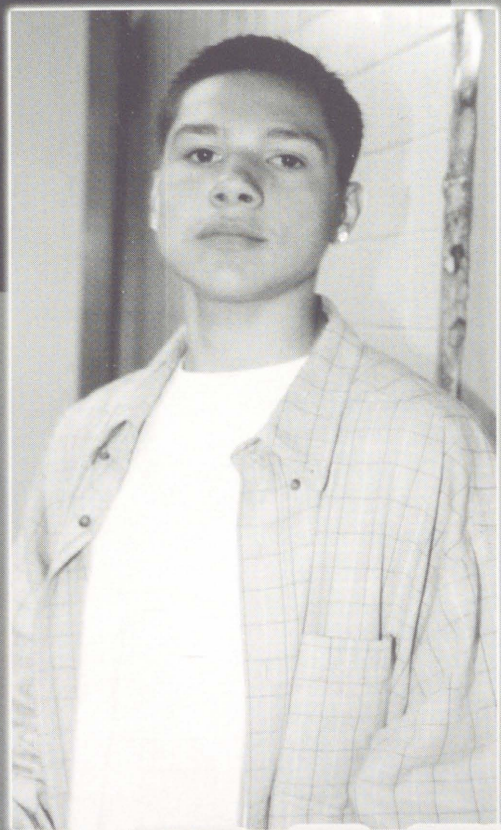

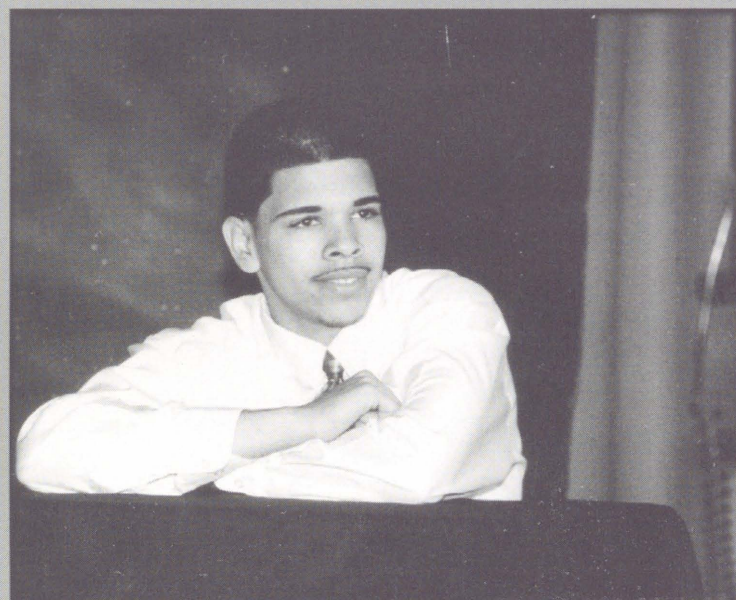

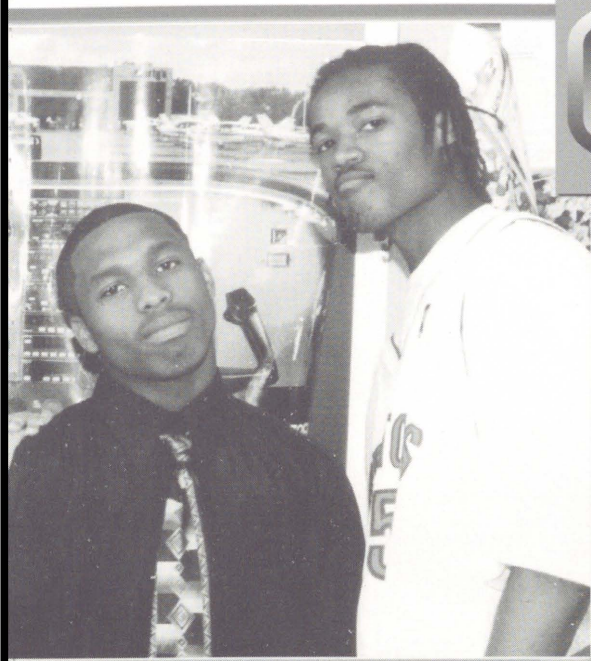

High school experiences can make one feel uneasy, that is until we then realize that this period of our lives will bring about many opportunities.

As years pass and we enter our last year, the same students who were once frightened begin to walk in the halls with their heads up high, proud of their achievements and focused on their future goals. Senior year is where it all begins. We begin to set plans and goals for our future.

We often have to reflect on the past when we are preparing for the future. At some point in time we come to understand that it is difficult to realize where you are going unless you know exactly where you are coming from. Therefore, we must first look behind at our past, and remember our achievements and accomplishments as we prepare ourselves for our future.

CREATIVE

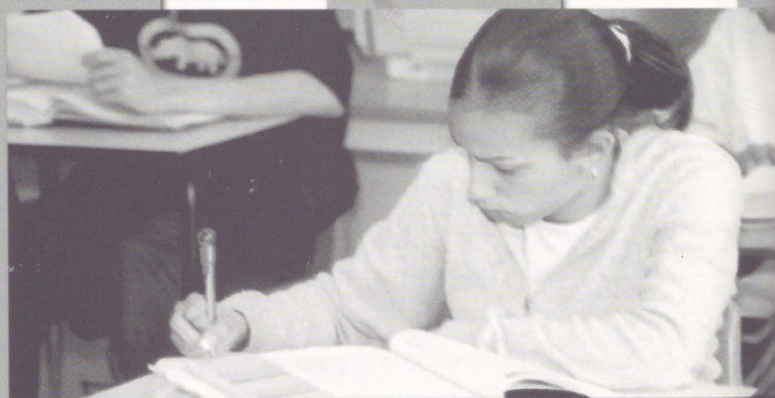

BLUE BEAR PRIDE IS BACK

GLIMPSES AT THE F PREPARING FOR THE

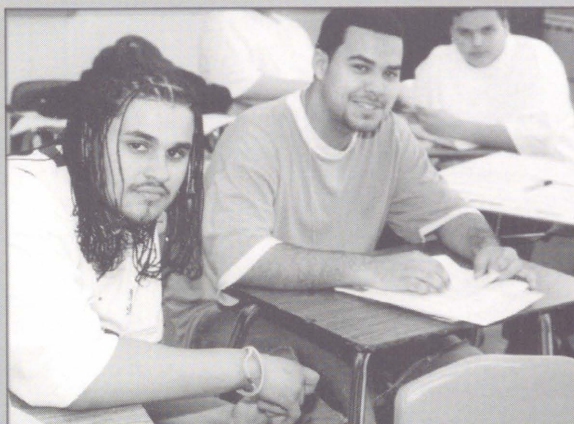

CHARISMATIC

AST... FUTURE

Leaving behind childhood and entering the real world, is not a walk through the park. What the world will bring us is unknown, because our future is a mystery. Life's journey can either be walked in the road created by others, or can be traveled by the path you create for future generations to follow.

While we are preparing ourselves for our future we should keep in mind all the proud, happy, exciting, boring and sad moments we experienced at Barringer.

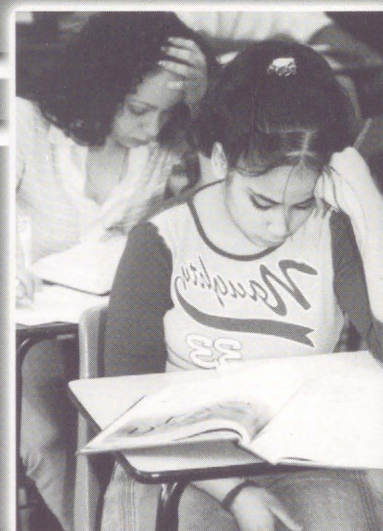

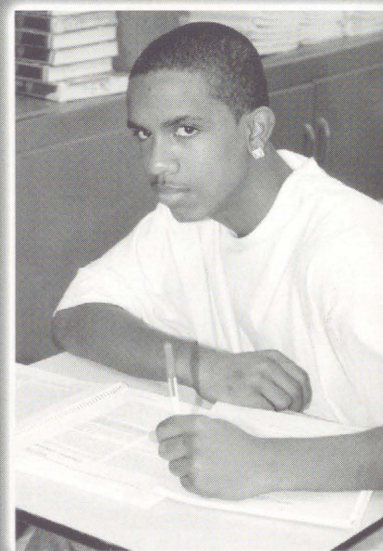

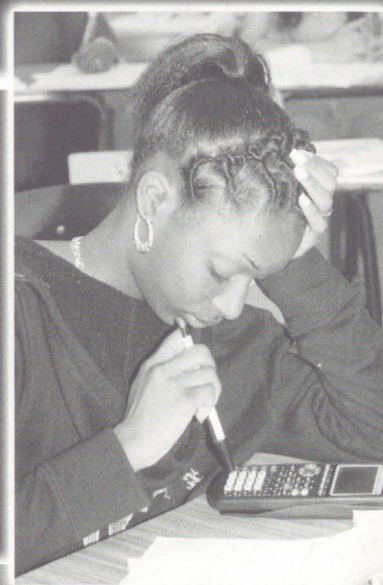

Although sometimes these feelings were distractions, many of us were strong enough to stay focused on our goals. Those who were determined have taken a huge step and graduated from high school.

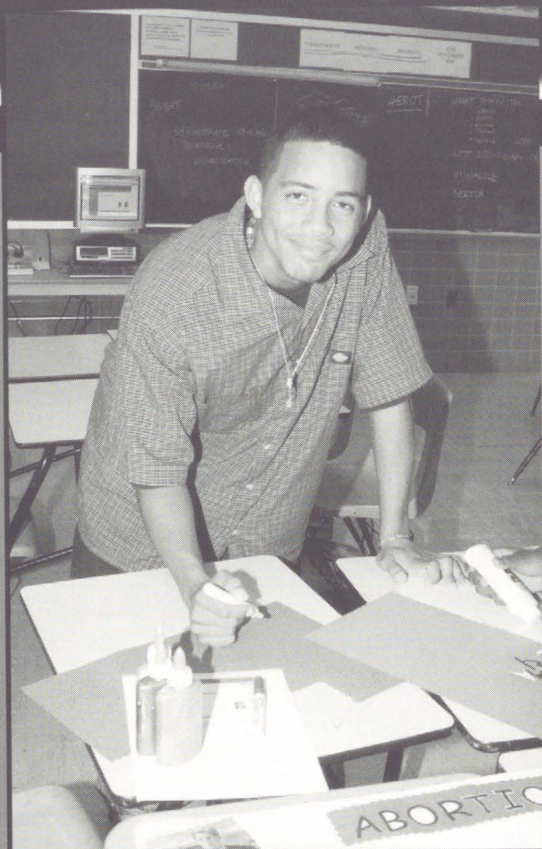

The theme "Rebirth of Barringer" has motivated us to reach our potential as students. It will sustain us as we regroup in ten years for our reunion and sing in unison the Barringer High School Alma Mater.

Education is always an essential part of our lives. Most importantly we have to give credit to our family members, teachers, and peers for their input. Our experiences of growing up from a child to a young adult laid a foundation for our desire to achieve.

Remembering that the past plays an important role throughout our lives is key to preparation of our future. Everything in our past has molded each of us into the person we are, or will become. And although many people consider the past as a period to leave behind, our past affects us in many ways, just as the future will. It has made each of us who we are, has affected where we will go, and helped determine who we will become.

ALMA MATER

Over many a city old,
Famed in song and story
Temple grey and castle hold
Catch the sunset glory
So our Alma Mater proud.
Looks over vale and meadow
High between the sailing cloud
And it's drifting shadow.
For her colors, first the blue
Of the April valley.
Then December's wintery hue.
When the storm winds rally.
Newark High, thy fame we raise,
Many voices blending;
Through the years
We pledge thee praise.
Loyal to life's ending.

SENIOR PROM

The prom is an event that takes place at the end of the school year. It is a celebration for senior students to come together and celebrate for the last time. This year's senior prom took place on May 5th at the Westmount Country Club from 7pm until midnight. The theme was "Hollywood." It was a special night for all of us to remember. As we walked down the red carpet, we all felt like stars.

BLUE BEARS

N.N.

PRINCIPAL

Carmen Ruiz

Congratulations, graduating class of 2005. Thank you for playing such a vital role in the rebirth of Barringer High School. Thanks to many of you, BLUE BEAR PRIDE IS BACK! I have been honored serving you, the newest members of our adult community, and will continue to make Barringer High School a safe and orderly learning environment for everyone. Seniors, I hold a clear vision of success for your future and have established high expectations for all of you. I am committed to assisting you in your transition to colleges, universities, vocational institutions, and the workforce. I am not only your principal but also a dedicated and concerned community member working for the betterment of our youth and the future of Newark.

It is my obligation and responsibility to help you become the future leader of this society. I, along with my teachers and staff, have nurtured and guided you. As products of our guidance, we are depending on you to make the difference in what have become the Rebirth of Barringer and our community.

A famous African proverb reminds us, "It takes a village to raise a child". Seniors, although you will always exist as our offspring, it is your turn, now, as you venture into our community 'village', to assist the youth around you who are coming up to join you shortly. Pass on the wisdom you have gained and guide others as they work toward a successful future.

Students, it is your birth given right to take your place as the torchbearers of the future and the baton holders of humanity. I would like you to continue to learn the skills and strategies that are required to make just and fair decisions that will impact, change, and further benefit your life. As young adults, you have a responsibility to your future and the future of Newark. Be aware of the social and political issues in our community and involve yourself in the movements of change. Change starts within you and works outwardly. Take pride in yourselves and believe that by taking a stand and believing in yourselves, you

can achieve any goal or aspiration.

A special thank you is extended to your parents for all of their support. I applaud and thank them for encouraging and influencing your lives. I will continue to work with students in order to help our youth reach their fullest potential and become productive member of our community and society. A wise person once said, "Success may be measured by personal accomplishment. But true success comes only from helping others". With these words in mind, I make a promise to you today to continue to support our students here at Barringer High School. at the same time, I ask that you make the same promise. Vow to continue to support others along your life journey so that you, too, may experience the joy of 'true success'.

Let's work together to continue the success of our school and community rebirth.

I will continue to support the creativity, hard work, and dedication of teachers and staff as they continue to help mold and shape our students. I will also continue to encourage teachers to align their lessons with the New Jersey State Core Curriculum Content Standards to continue to meet the needs of young men and women, assisting them in envisioning as well as obtaining technical assistance, resources, and tools that will enable them to give quality instruction.

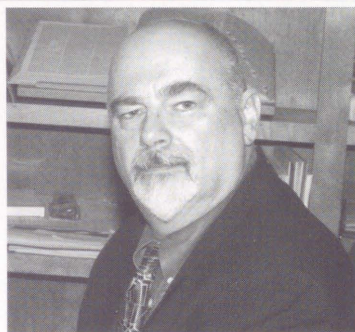

I encourage you to continue your quest for 'true success' by volunteering your time to mentor, teach, and positively guide the underclassmates so that you may serve as role models of experience. As community members, parents, teachers, and staff, we are the 'village'. It is our responsibility to 'raise' our standards by providing nourishing foods of thought; remembering always that the diet for survival lies within quality education.

In closing, let me remind you that Barringer is a sleeping giant. I am here to wake that giant up and remind him of his greatness! Stand tall and proud mighty blue bears. Dare yourselves to "dream and become what you see!"

ATHENAEUM YEARBOOK

Working hard, day and night on the yearbook was a struggle, but thanks to my hard working staff, we finally came through and produced such an amazing Athenaeum for the year 2005. It will always remind us of all the happy, sad and proud moments that we have spent together in high school and while working on the yearbook committee.

Thank you to the staff, Mr. Di Gerlando and alumnus Jose Soto for hanging on with me through all the ups and downs.

As one of the most exciting sports, football is a game that receives much respect from our students and staff. Barringer football players enjoy the following; being the focus of attention in games, working hard and practicing to be perfect, showing Blue Bear pride, and willing to sacrifice achievement. This team should be remembered for their courage and desire to beat all competitors. Above all, they never surrendered to defeat.

BLUE BEAR GIRLS BASKETBALL TEAM

Considering the young players and the many hardships, the girls basketball team had a very successful season. They practiced as one team and worked hard to further improve their layups and three pointers. They demonstrated that once again hard work and great coaching really pay off. The girls batttled a very difficult schedule of challengers and came through with another great season.

Five days a week and occasionally on weekends, a team of twelve young men worked hard at practice as they polished their skills and brought home the victories. These men worked diligently, away from the public eye on the school basketball court. At game time they displayed an assortment of highflying dunks and long three pointers to bring home a string of victories.

BLUE BEAR BOWLING TEAM

Bowling is a sport that relies on practicing the approach and delivery of the ball. Consistency, is the key to a shooting a score close to, or exceeding 200. The Barringer Bowling team came through with a great season. Even though it took individual efforts to elevate the final totals, the teammates helped each other to improve their game. The rookie bowlers who were having trouble with spares were supported by their coach and veterans.

Although faced with a difficult schedule, Barringer's baseball team had a very successful season. The baseball team was a dedicated squad with a powerful pitching staff and a solid infield and outfield. The team always displayed a positive attitude. Dedication and hard work were the seeds of their triumph. They utilized the skills of pitching, hitting and defense to show that when it comes to baseball, we rule.

Barringer High School's girl softball team showed great determination throughout the season. All their time and effort that was put into practices was proven when they got down to the field. As a team they cooperated by working together and supporting each other during practices and games. Coach Schapitl continually encouraged the team to help them improve into the best players they could be. The girls always demonstrated their skills in defense, with outstanding field play and competition.

GLIMPSES AT THE PAST...

Now that we are ready to face the life ahead of us, we will have to go through many changes such as new friends, teachers, life style and environment. Even though our experiences will be different, we will become familiar and accustomed to the new changes, yet still stay focused on our future goals.

Moving on to college, or the work world, we will be confronted with many different and difficult tasks. And since we might not have anyone to advise us anymore, we will have to stand up and make the correct decisions that will help us become what we want to be.

Graduating from high school is just one of the many milestones that we have to pass. The competition with the others that we will meet in school, in the

PREPARING FOR THE FUTURE

reflect on this time, we will still remember some of these experiences. We should then use those memories to realize what we have accomplished and gained from our past experiences and mistakes. This will help us further to set the new goals for the rest of lives.

business world or military, will compel us to do our best at whatever we pursue.

Now we realize that a senior in high school, which we assumed might be an easy walk, is not what we thought at all. Although the biggest fear of all, "Senioritis", might have affected us in different ways, we never lost our confidence in ourselves and our focus on the goals that we have set for ourselves.

Many years from now when we

REMEMBER

Remember the old grammar school-
The teachers and friends
The plans for your future
Seeming never to end.

Recall now the tears
At your first graduation-
The diploma, the parties-
Brimmed high with elation.

Your first year in Barringer
When high school seemed new-
New teachers, new friends,
And the motto, Big Blue.

Then finally through hard work,
You enter fourth year,
Remember all others
with joy and tear.

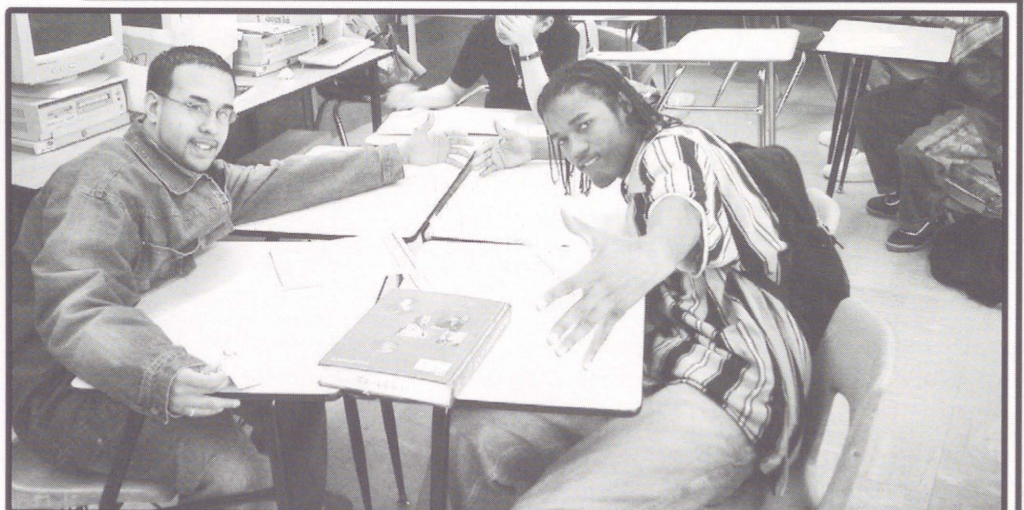

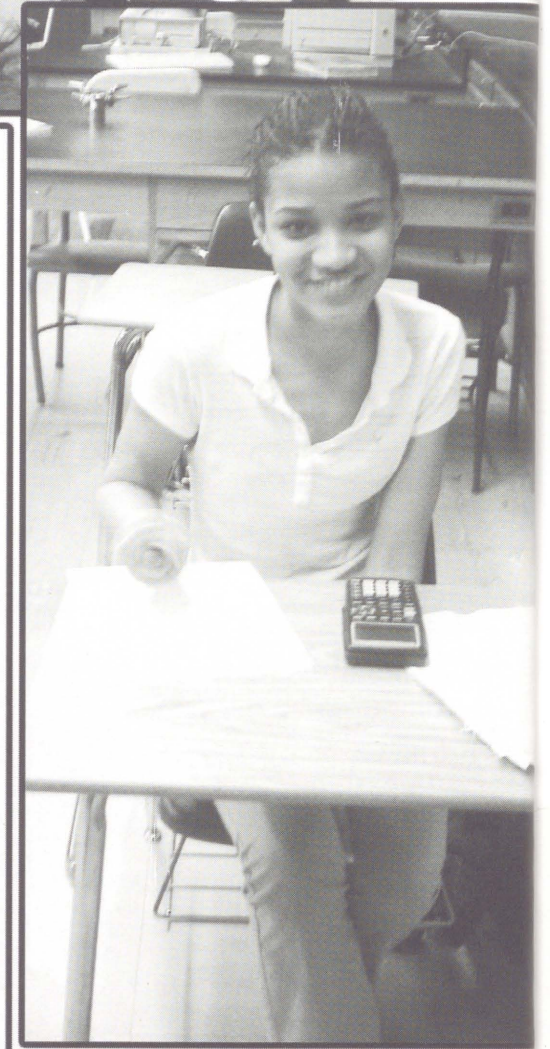

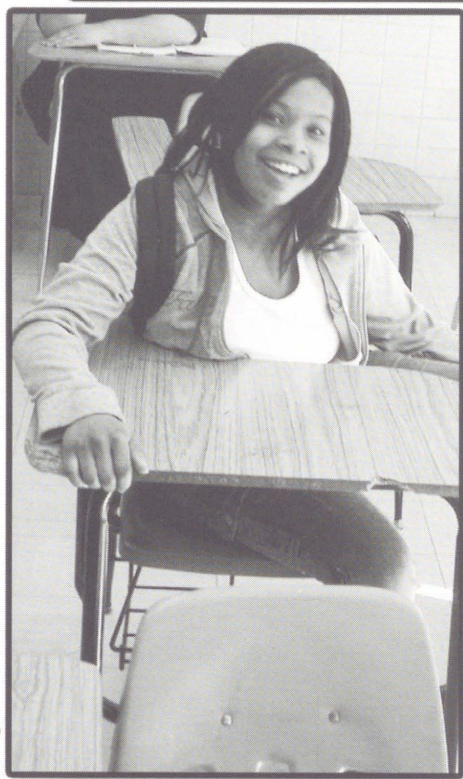

You have carried your problems,
the hardships endured;
And now your a Senior,
Already matured.

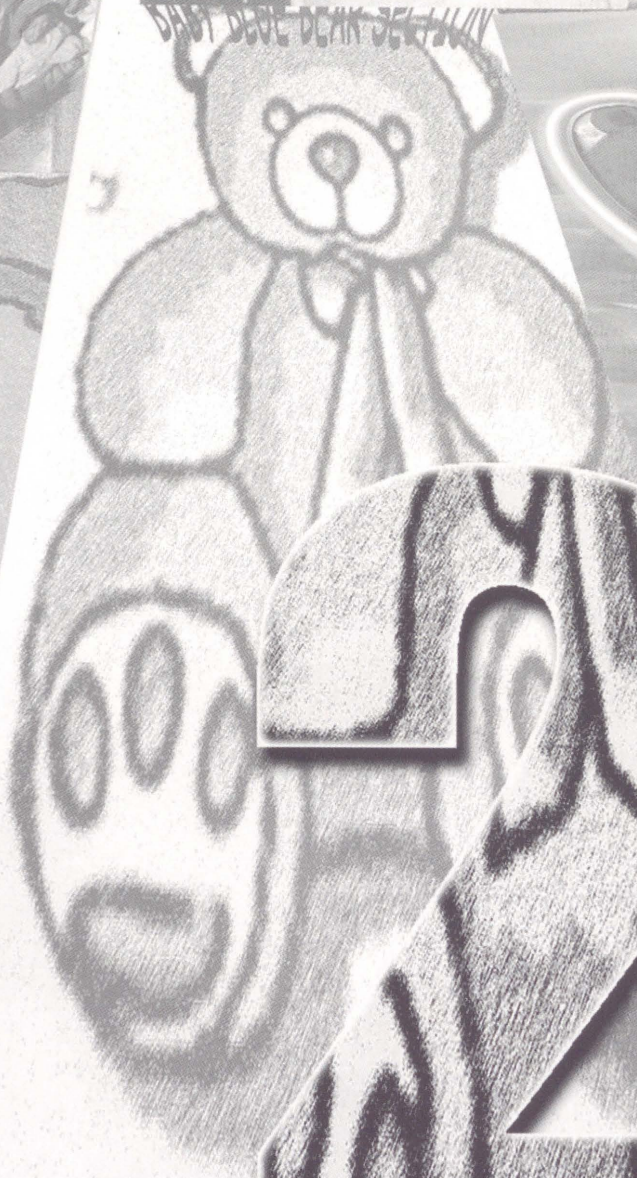

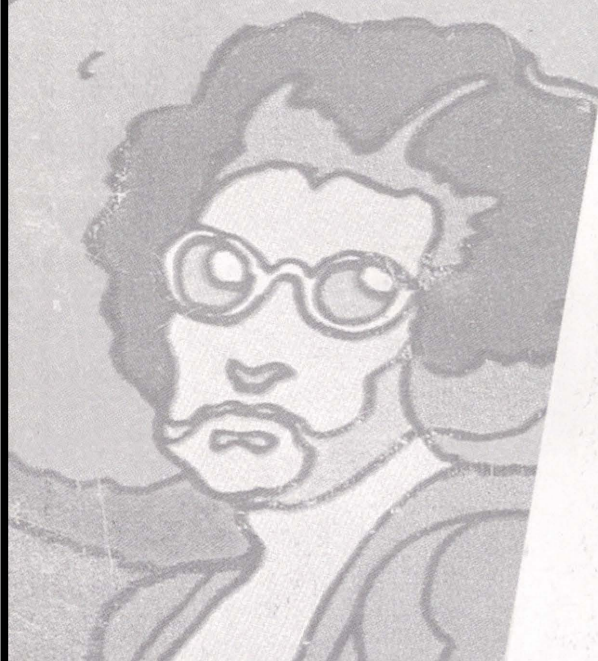

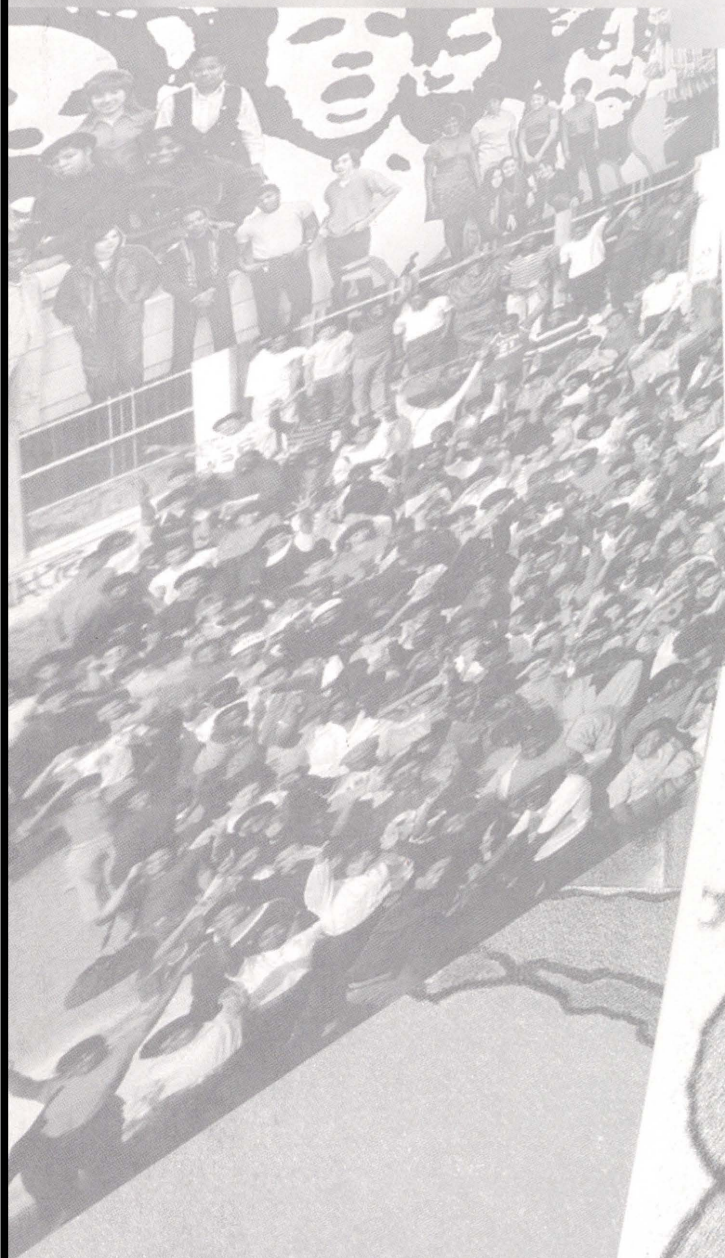

Now think of the future
With anticipation
And for which you have made
Four years of preparation.

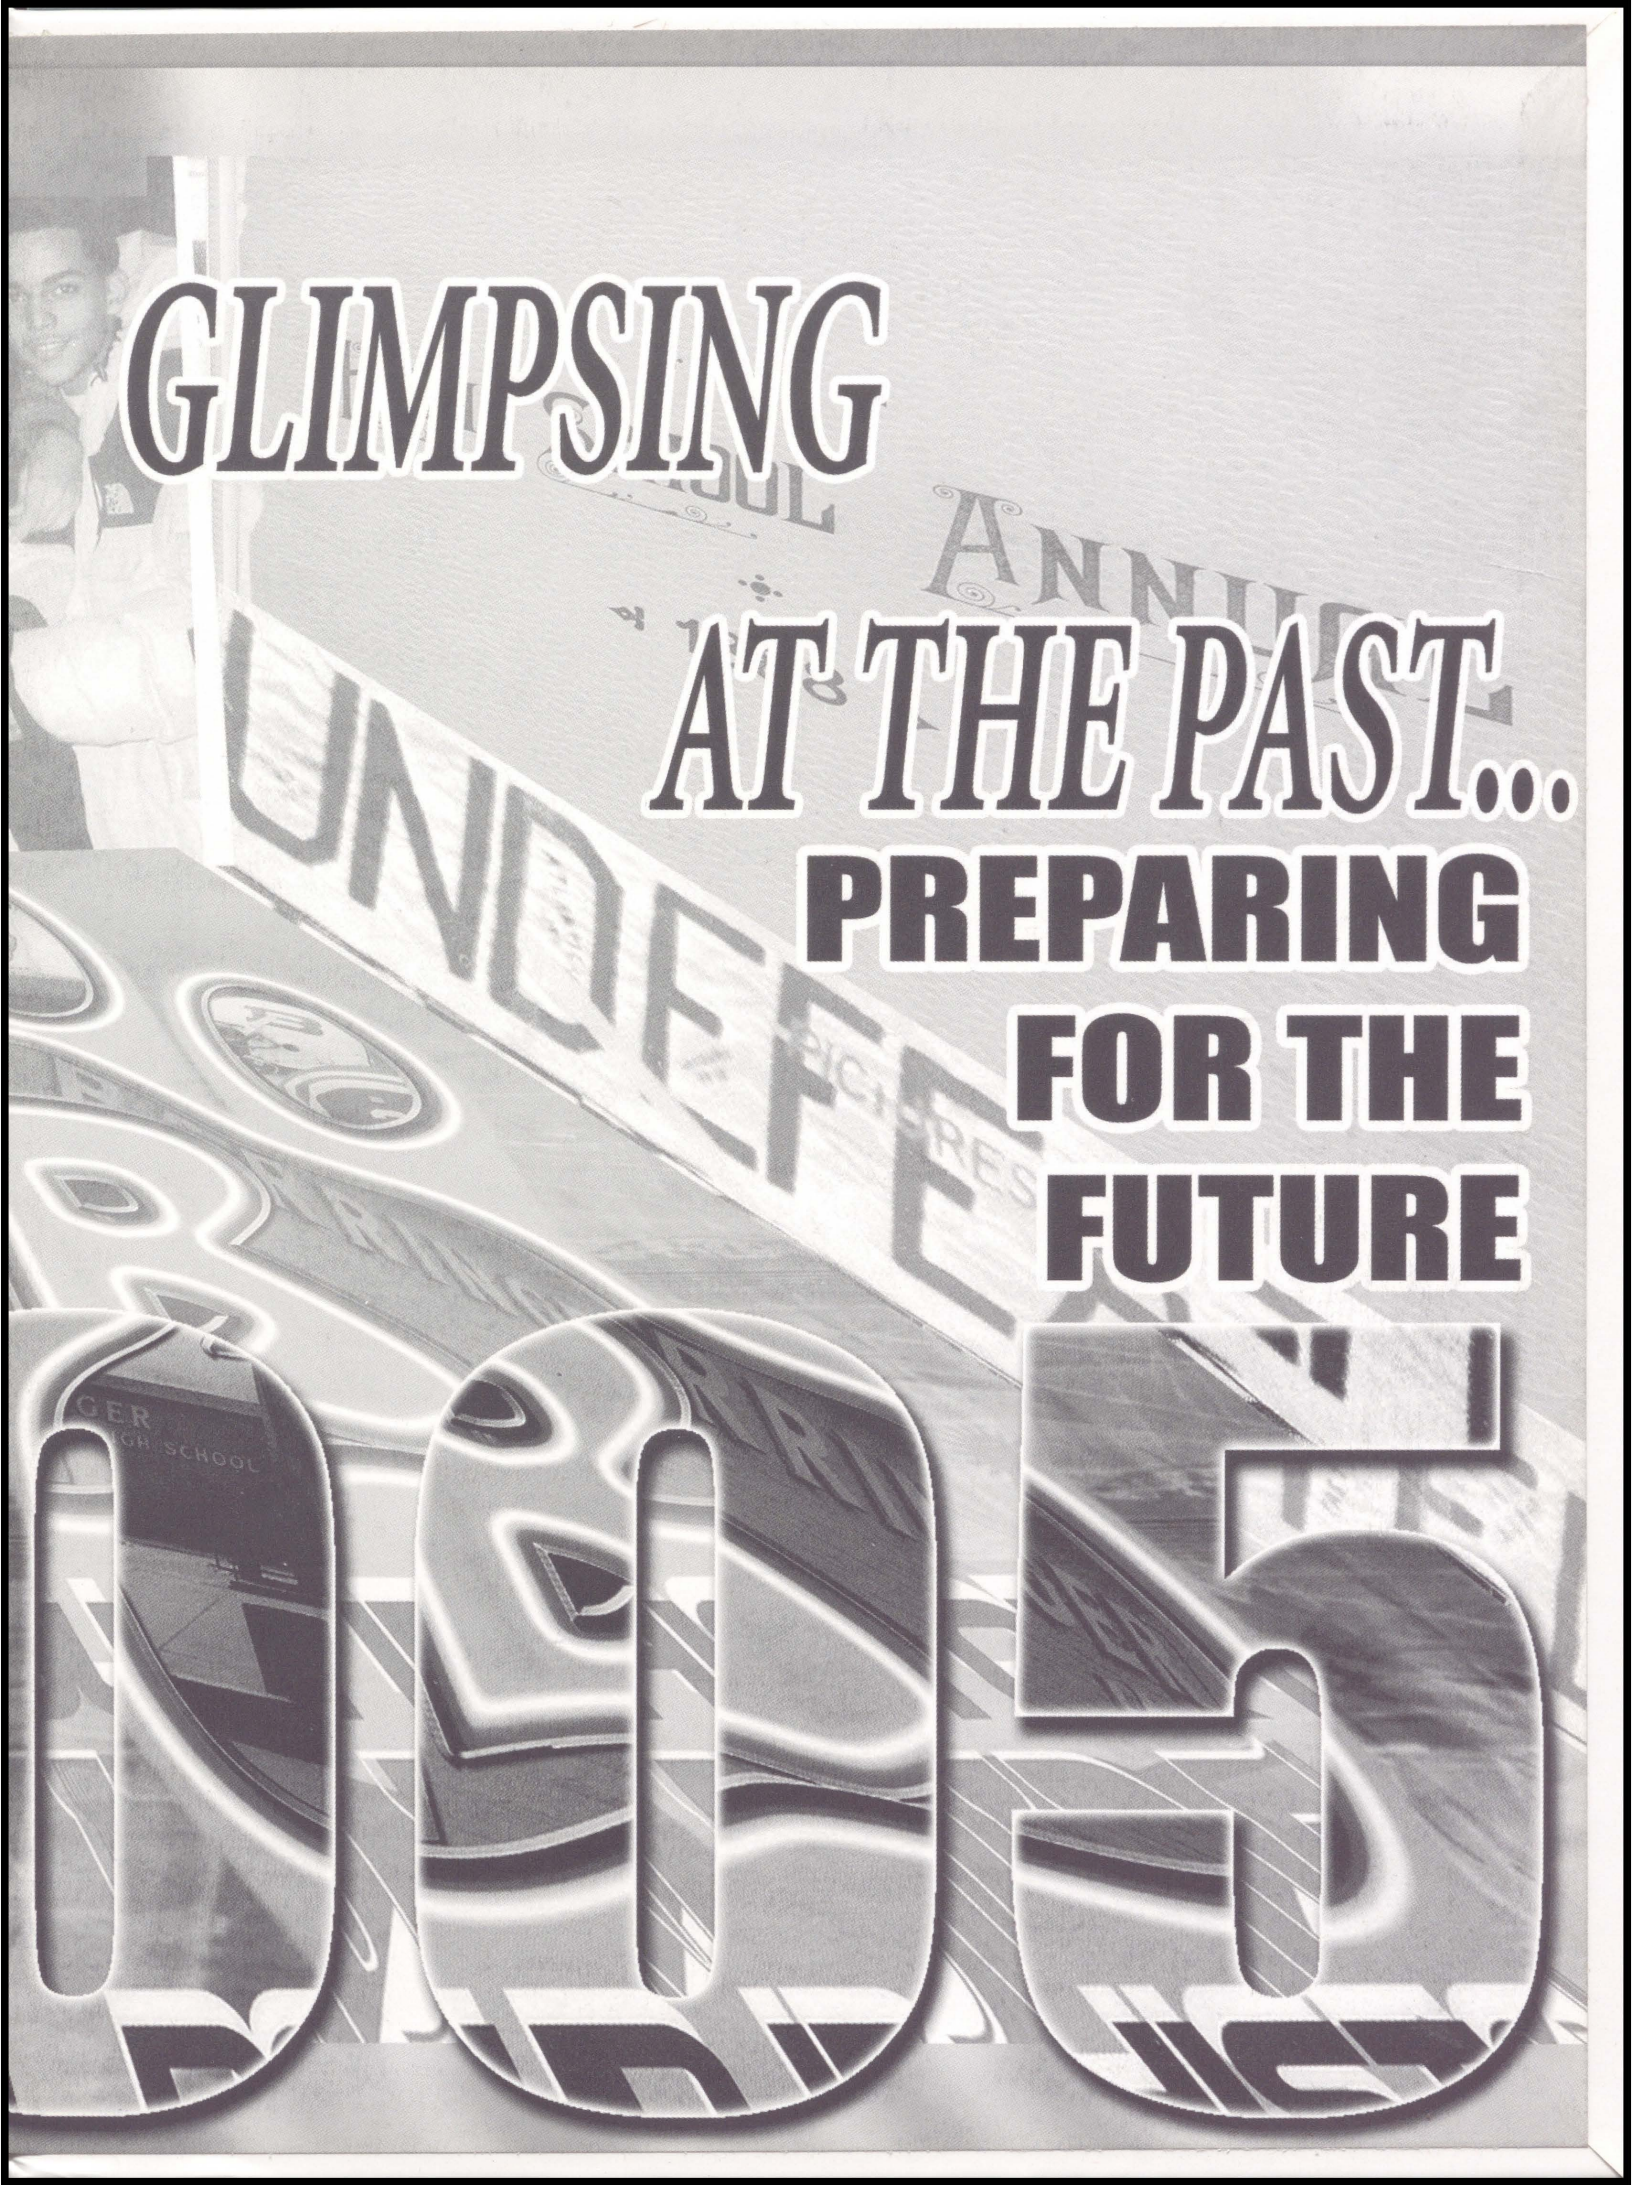

Though you face a great challenge,
Both real and intense,
Your knowledge shall now grow
From experience.

In approaching this crossroad
To begin a new life,
Keep foremost in mind
TRUTH, HONOR, and LIGHT.
